JANESVILLE, WISCONSIN, TUESDAY, JUNE 13, 1899.

NUMBER 77

CONFIRMS REPORT OF NEW RICHMOND GALE

GREAT LOSS OF LIFE AND PROPERTY.

Buildings Razored By Awful Cyclone Are Still Burning---Every Business Building For Four blocks Ruined---Many Bodies burned beyond Identification,

Minneapolis June 13—[Special]—Advices received here at 9 o'clock this morning from New Richmond, Wis., confirm the previous reports of great loss of life.

Buildings razored by the awful cyclone are still burning.

The entire business portion of the town is completely destroyed.

Both banks, the postoffice, the Nicollet hotel, both printing offices, waterworks and electric light plants are in ruins.

Every building on both sides of Main street from the river south for four blocks are leveled.

A fire started at the Williams drug store, burned north.

Many bodies found in collars were burned beyond identification.

Scores of residences were swept out of existence.

Bodies of many dead strangers have been found in New Richmond, and it is known that a large number of people who came in from the country to attend a circus, took refuge in stores and cellars when the storm came up.

TRAIN BRINGS MORE DETAILS

Estimated Loss of Life Three Hundred But May Be More

St. Paul, June 13—[Special]—The first train from New Richmond arrived at ten o'clock with additional intelligence of this cyclone.

Physicians who left for the scene on a midnight train succeeded in getting over the washout near Hudson and are now taking care of the injured.

The conductor of the train says the estimated loss of life is three hundred, but may be more.

More than fifty bodies were burned when the buildings took fire.

A number of those unfortunate were not only injured but being pinned under the wreck they were slowly roasted to death.

Twenty-six bodies were found in one cellar.

The greatest loss of life was where people took refuge in cellars.

Instead of being swept away from their foundations, frame buildings were lifted, thence crushed into the cellars killing the refugees like rats.

The known dead are: Dr. Wade, child of Charles Mackeuer, New Richmond; David Heffron, Burkhardt, Wis.

Two unknown men were struck by lightning, in Stockton, Minn.

A St. Paul relief committee now working among the injured, telegraphed the number two hundred and fifty so far found, and the injured, a thousand.

The mayor and citizens of New Richmond have appealed for financial aid.

St. Paul and Minneapolis have placed their hospitals at the disposal of the unfortunate.

This afternoon two errands are expected here.

St. Paul, June 13.—The city of New Richmond, Wis., the home of 2,000 people, has been destroyed by a cyclone, and between 250 and 500 persons killed and injured.

Details of the disaster are lacking, as wires were leveled by the storm and all trains are delayed by washouts, which have carried away miles of track and many bridges.

Early Monday evening the operator at Burkhardt station, near New Richmond, reported that many people were killed and injured. This was confirmed an hour later when a courier arrived at North Wisconsin Junction with the information that New Richmond had been wiped off the map, and that the list of fatalities and casualties would be very heavy.

J. A. Carroll, a traveling man, who was in the Nicollet house at New Richmond when the storm broke, has arrived at Stillwater, Minn. He saw the funnel-shaped cloud as it came up the principal street, and took refuge in the basement of the hotel, which

it then struck the Gridley farm. The family, seeing it coming, fled for a large stone quarry about twenty rods from the house, where they remained in safety until it passed. The house is a small brick one and held to the foundation, but the angles were torn from the roof. The cyclone veered to the north, leaving the buildings unharmed, but tearing large oak trees three feet in diameter out by the roots and twisting them into every conceivable shape.

"About one-half mile northeast from there it struck the buildings of H. S. Mattison. Just before the storm reached the place the family and farm help fled for the cellar. The cellar door had just closed when the crash came. This place was directly in the line of the storm, and not a building, tree, wagon or piece of machinery is left whole. The house was completely swept from its foundation and nothing remained but the floor which covered the people in the cellar. Not one of them was harmed. Every piece of furniture was carried for rods and literally torn into shreds. Besides the house there were two large barns, machine sheds and outbuildings, and all were destroyed. Forty cattle and about 100 sheep cannot be found at this hour."

"The storm passed on to the northeast, destroying everything in its wake, and was followed by rain torrents and terrible lightning. The Gridley barn, which was left standing, was struck by lightning by the later storm and burned. Telegraph and telephone wires are all blown down and adjoining towns cannot be heard from."

Was a Thriving City.

New Richmond is on the Wisconsin Central and the Duluth-Superior branch of the Omaha road. It is thirty-six miles due east of St. Paul and is in the heart of the richest farming section of St. Croix county. The town has about 2,000 people and is quite a business center. It is near Willow river, which furnishes power for several large saw and grist mills.

New Richmond is one of the oldest and prettiest towns in western Wisconsin. It has two principal streets, one running north and south and the other east and west. At the junction of these streets are the larger business houses. Outside the business center the street running east and west is the principal residence street. It is about three miles long, bordered on both sides by large trees, making a beautiful driveway, lined with pretty dwellings.

Owing to washouts along their lines the various Chicago trains were held here, it being impossible for them to get through. The Omaha is washed out near Hudson, the Milwaukee & St. Paul has lost several bridges and considerable track near Wabasha, Minn., and in Wisconsin; the Burlington is blocked by a washout near Trempealeau, Wis., and the Wisconsin Central line extends only beyond Stillwater, Minn. There are also a number of blocked places on the various branch lines.

Railway Official Verifies It.

Milwaukee, June 13.—The following dispatches were received at Wisconsin central offices from A. R. Horn, division superintendent, with headquarters at Stevens Point:

"Stevens Point, Wis., June 12, 10:14 p.m.—At 8:45 we got a message from Robbertson, via Marshfield, that a cyclone struck New Richmond about 7:30, killing and wounding from 250 to 500 people. We have started a special train from Irvine, leaving at 10 o'clock, with surgeons, to pick up what other surgeons they can between there and New Richmond.

Train Delayed by Washouts.

La Crosse, Wis., June 13.—Telegraphic advices from the northwest and points all over the Mississippi valley indicate that the storm of Sunday has done vast damage to crops and railroad property. This section was visited by the worst storm in seventeen years, doing great damage to railroad property. All railway communication except on the Chicago, Burlington and Northern from the South Dubuque and the southern Minnesota division of the Milwaukee line is cut off. Fifty families in North La Crosse were compelled to desert their homes in boats, and the water is still rising. Over 100 head of live stock were drowned. Nearly every bridge in the La Crosse valley is gone.

At Elroy heavy rain has caused the Baraboo river to overflow, and the flats for miles are flooded. The Milwaukee road north of there is washed out and trains are delayed. The Northwestern tracks are also washed out. Nearly a mile of track is washed out at Kendall. The iron bridge at Wilton was carried away and the abutments destroyed. The Sparrows yards are under water, and both tunnels between that city and Elroy are completely filled. The lower portions of the city are flooded, and should the water continue rising the residents will be compelled to resort to boats to reach high land.

WINONA COMPLETELY CUT OFF.

Minnesota Town Visited by a Deluge

Which Isolates It.

Winona, Minn., June 13.—Winona is still cut off from the outer world and the prospects are that it will practically remain so for the next three days. During Monday and Sunday night

this city and locality were visited with a deluge, the resultant floods causing damage that will reach thousands of dollars in extent.

Not a railroad in the county escaped, tracks being torn up for miles and left in a condition that will take days to repair.

By the total destruction of nearly every public bridge in the county and city the loss will be heavy, and there is little prospect that the full damage will be repaired this year. Not a road in the county escaped and farmers are completely isolated.

Two persons are known to have been killed by the lightning which accompanied the storm, while a number of barns were struck and consumed.

Cloudburst at Viola, Wis.

Viola, Wis., June 13.—One of the heaviest rain, hail and wind storms in many years occurred here, and almost the entire Kickapoo valley is inundated. A cloudburst occurred on Bear creek, ten miles northeast of here, and the entire fertile valley was swept by a raging torrent.

The storm broke upon the valley, rain descending in torrents, accompanied by hail and heavy winds. Cultivated fields are covered and almost ruined, some being washed to a depth of six feet.

At Rockton, fourteen miles above here, the Kickapoo river is twelve feet above low water mark and still rising rapidly, and all mill dams are being carried before it like straw.

Wagon roads are inundated, bridges gone, and travel is made impossible. It is the largest flood since 1881, when the entire valley was flooded from end to end.

CRUISER NEWARK SAFE

News Received of the Vessel's Safe Arrival at Port Low, Guatamalas Islands.

Washington, June 13—[Special]—The state and navy departments received official dispatches this morning announcing the safe arrival of the cruiser Newark at Port Low, Guatamalas islands.

The warship had not been heard from for a considerable length of time and much anxiety was felt that the vessel had encountered terrific storms around Cape Horn.

\$30,000 LOSS BY FIRE

Falk Manufacturing Company's Plant in Milwaukee, Destroyed This Morning.

Milwaukee, Wis., June 13—[Special]

—The plant of the Falk Manufacturing Company on South Pierce street was destroyed by fire early this morning, causing a loss of \$30,000. The Falk company is erecting a new and larger plant in the Monominee valley.

TRANSVAAL AFFAIRS

Discuss Advisability of Presenting An Ultimatum to Kruger—Action Taken Not Known.

London, June 13—[Special]—A cabinet council on the situation in the Transvaal was held this morning and the advisability of presenting an ultimatum to President Kruger. It is not known what action was taken.

EARTHQUAKE IN WEST

Shock Lasting Four Seconds Felt At San Francisco—No Damage Is Reported.

San Francisco, June 13—[Special]—An earthquake shock lasting four seconds was felt here this morning. No damage is reported.

FOR STRIKING LOUBET

Baron Christain Sentenced This Morning to Four Years Imprisonment For His Deed.

Paris, June 13—[Special]—Baron Christain, who struck President Loubet with a cane at Auteuil, was sentenced this morning to four years imprisonment.

FORECAST OF WEATHER

Chicago, June 13—[Special]—Forecast for Wisconsin:

St. Louis: Thunderstorms tonight and Wednesday; continued warm.

Overcome By Heat At Sheboygan.

Sheboygan, Wis., June 12—While driving horses attached to a hearse today, Frank Bessinger was overcome by the heat and fell from the seat. It is thought he will recover. The heat was intense, 89 degrees in the shade.

Wisconsin Pensions Granted.

Washington, D. C., June 14—Increase—George P. Taphin, Wausau, \$10 to \$12; Joseph Ducharme, Mount Ida, \$6 to \$8; Joseph Kieiman, Denny, \$6 to \$8; William Lumby, Quincy, \$14 to \$17. Original, widows, etc.—Minors of Frank Derrow, Zittan, \$16.

For Census Supervisor.

Sturgeon Bay, June 13—Frank R. Baldwin has been recommended for supervisor of the census for the Eighth congressional district by Congressman Minor.

AGUINALDO ORDERS LUNA ASSASSINATED DEED CARRIED OUT BY FOLLOWERS.

Report Caused Great Excitement Among Filipinos In Manila----Disobeyed his Leader's Orders ----Lawton's Troops have Severe Engagement With Enemy

them, forcing them to retreat again. This afternoon heavy fighting is going on all along the line.

Manila, June 13—Gen. Lawton's column, which has occupied the towns of Parañaque and Las Pinas, will continue the advance into Cavite province. Cavite is Aguinaldo's native province and one of the chief seats of his strength.

Supplies are being forwarded to the troops without loss of time, and there is no danger of the men suffering from lack of provisions and ammunition. Military wagons are conveying supplies by the road from Manila, while native lighters are transporting them to Parañaque by the water route.

On the march Saturday from San Pedro Macati many of the American troops were compelled by the intense heat to fall out, and some fears are entertained that they would be shot by the Filipinos who skulked in the rear. Fortunately most of them, after a short rest, were able to rejoin their comrades, and nearly all the stragglers have been accounted for. Nearly 600 men suffered from heat, prostration, but no fatal cases are reported.

The funeral of Capt. Henry Nichols, commander of the Monadnock, who died from heat prostration Saturday, took place at Cavite Sunday, with appropriate naval ceremonies. The officers of the fleet were present, and the flags on all the vessels were at half-mast.

Negroes May Go to Manila.

Washington, June 13.—The war department has under consideration an order sending the Twenty-fourth and Twenty-fifth infantry to Manila to reinforce Gen. Otis. The order has not yet been issued. Both are colored regiments and saw service in Cuba. It is believed the men will be able to withstand the climate of the Philippines better than the other troops.

SUCCESSOR TO DUPUY

President Loubet and Paul De Schanet Discuss Question—Probably Be M. Poincaré.

Paris, June 13—[Special]—President Loubet and Paul De Schanet, president of the chamber of deputies, had a long conference over the question of a successor to Dupuy today. M. Poincaré will probably head the new ministry.

FRANK PECHIN PROMOTED

Will Take W. D. Cantillon's Place in the Cream City.

Frank R. Pechin, son-in-law of E. J. Kent, of this city, has been appointed by the Chicago & Northwestern railroad officials to fill the position of assistant superintendent of the Milwaukee division, made vacant by the promotion of W. D. Cantillon.

Mr. Pechin has been trainmaster at the Forty-fifth street crossing of the Northwestern road in Chicago, and is well known in Janesville.

Mr. Cantillon's clerk, George Campbell, has been appointed train dispatcher on the Northwestern line at Eagle, Grove, Ia.

The Winona & St. Peter division extends from Winona to Watertown, S. D., a distance of 361 miles. In addition there are several branch lines.

GIVEN THEIR HEARING TODAY

Dillon and Dixon Appeared Before the Municipal Court.

In the municipal court today was held the hearing in the case of the State of Wisconsin vs. Anthony Dillon and Thomas Dillon, on the charge of arson.

John Arquette, who was arrested Saturday on the same charge, was also present.

Frank Haselton, of the local insurance firm of Carter & Haselton, was on the stand the greater portion of the morning. District Attorney Jackson conducted the prosecution, G. G. Sutherland, of Sutherland & Nolan, appearing for the defendants.

CLINTON WILL HAVE GREAT CELEBRATION

GOOD RACES AT PARKS IN THE AFTERNOON,

Children's Day Very Prettily Observed
At the Congregational Church—
High School Placed On Accredited
List of Beloit College—Obtained
Goods Under False Pretense.

Clinton, June 13—Clinton will celebrate the Fourth of July this year as usual. People who come here on that day are assured a hearty welcome and promised a good time generally. The program is not fully made up but there will be plenty of amusements during the day. O. L. Woodward of the Driving Park association informs us that there will be four good races at the park in the afternoon. Those who like to see horses go will not be disappointed in attending the races. A purse of \$75 has been subscribed by our business men for fire works in the evening and the pyrotechnical display without doubt will be the grandest ever seen here. Children's day was very prettily observed at the Congregational church last Sabbath. The interior was decorated with a profusion of flowering plants and ferns. A tiny fountain sprang from a bank of moss and ferns to the great delight of the little ones. The music was unusually good, the solo by Miss Lillian Soper and duets by Mrs. Tuttle and Mr. Hudson deserving especial mention. Pastor Moor's "talk" to the children on "Little Ships" proved equally interesting to the adult portion of the audience. The Sunday school rally held after the services brought many new members into the school. Graduates of the Clinton High school can now enter the freshman classes of Beloit college and the state university without examinations. The committee sent to inspect the school here reported favorably and the faculties of both institutions voted last week to place it on the accredited list. In the justice court Saturday, judgment was given for \$8.75 and cost, in favor of George Irish, plaintiff, the defendant, Alex. Myers of Shopiore, failing to appear. Myers, it was shown, obtained goods at Irish's store under false pretense, hence the suit to recover. The invitations issued by the graduating class are pronounced very neat and pretty by all who have seen them. Last Thursday evening Mrs. Loveland and Mrs. Wingerter entertained at the home of the latter, the Senior class and the members of the school board. Pastor Moore and wife and Editor Cheever and wife were also present. It is needless to say that the occasion was a happy one. Mrs. J. G. Dresser had the misfortune to injure herself severely recently by a fall. Dr. Montgomery is caring for her. Miss Alta Foltz's school closed Monday. Mrs. Maxham of Chicago, is visiting at Solon Cooper's. Mrs. Adney Engbertsen has been spending a few days in Beloit. Mrs. E. P. Babcock has been under the doctor's care of late. Miss Flossie Moore returned Thursday from a very enjoyable visit of several weeks in Chicago. Mrs. Tubbs' mother, of Darien, came over to spend Sunday with her daughter. Clark Harris of Elkhorn drove over Friday for a brief visit with relatives here. Vera Wilcox is spending two weeks of her vacation with Clinton friends. Several of our citizens were in Elkhorn Friday as witnesses in the Burt and Woodard suit. The Baccalaureate sermon will be preached in the Baptist church next Sunday evening by the Rev. William Moore. Volney Gates and P. A. Robinson were in Janesville Saturday on business. A sister-in-law of Dr. Collier with her young son is spending a little time here. Mrs. H. L. Silsby is enjoying a visit from a married sister. Dr. and Mrs. Covert will leave this week for New York state to attend a family reunion and visit with relatives. They will be absent about three weeks. Prof. C. R. Dixon will give up teaching it is reported and enter the employment of the McCormick Machine company.

A LONG-FELT WANT.

It Is Supplied At Last In Janesville

It is hard to always be pleasant. Good natured people are often irritable.

If you knew the reason you would not be surprised.

Ever have Itching Piles?

Not sick enough to go to bed, or well enough to be content.

No hing will annoy you so.

The constant itching sensation.

Hard to bear; harder to get relief.

Keeps you awake nights.

Spoils your temper nearly drives you crazy?

Isn't relief and cure a long felt want?

It is to be had for everyone in Doan's Ointment.

Doan's Ointment never fails to cure itching piles.

Eczema or any itching of the skin.

Here is proof in the testimony of a citizen:

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says: "I tried about everything recommended for itchiness of the skin, but found nothing to give me relief until I struck Doan's Ointment which I obtained at the People's drug store. I had an affection of the skin on my face caused from the burning oil about the engine and dynamos. My face itched and annoyed me, and rubbing it only made it worse and made it sore. I could hardly stand shaving, for the skin broke and bled. A few applications of Doan's Ointment removed the itchiness and healed up my face in a few days. I would not be without this remedy in my house, and I certainly recommend it to others in need of such a preparation."

Doan's Ointment is sold for 50 cents per box by all dealers. Mailed on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U.S. Remember the name, Doan's, and take no other.

The professor is an expert machinist and commands a high salary in that line of work. He came to Clinton hoping to improve his health and finds that he has been benefitted during his stay here. Mr. Dixon has numerous friends in Clinton who wish him success in his new calling.

EFFECT OF STORM AT ROCK RIVER

Blew Down Oldest Apple Tree in Town of Milton

Rock River, June 13—During a storm one night last week an apple tree standing in Ed. Brightman's yard was blown down. This tree is said to have been the first apple tree in the town of Milton, the seed having been planted by Aunt Martha Green, who formerly lived on the place. Jennie Rose's school in the McRae district closed last Friday with a picnic. Mabel Winches' school at Rock River will close next Friday. Mrs. Lillian Vincent is slowly improving. The number of bicycles in the Rock River district is twenty-seven. While trying his new knife Sunday Roy Vincent cut his finger so badly that it required a doctor to dress the wound. Walter Atherton spent last week with relatives and friends at Waterloo. Mrs. Sarah Butler and Mrs. Fred Starin, of Whitewater, visited Mrs. Joseph Vincent last week. Joseph Vincent is having his home painted. John Smith is doing the work. Mario Rose spent Saturday and Sunday with his sister, Mrs. T. V. Rogers, of Whitewater. Mrs. Hattie Bowers, of Aurelia, Iowa, is visiting her mother, Mrs. Almira Vincent, and other relatives. There will be no meeting at this place next Sabbath as the Seventh-day Baptist association is being held at Milton, June 15-19. Eddie Babcock and lady, of Milton; Mrs. C. M. Garthwaite, of Milton Junction, Gideon Humphrey and family, of Albion; Mrs. Will Crandall, of Walworth, attended church here last Sabbath. Mrs. Addie Grey, of Minnesota, is expected Tuesday to visit her mother, Mrs. Almira Vincent. John Stillman of Albion, was a caller at his sister's, Mrs. Harriet Crandall, Saturday. Paul Green and wife were callers at the Misses Saunders this week.

CILDREN'S DAY AT FOOTVILLE

Exercises at the M. E. Church Sunday Morning Were Interesting.

Footville, June 13—Children's day exercises at the M. E. church Sunday, were of the best ever held in our village. The day was perfect, and the house was filled to overflowing. The program was excellent, and well rendered. The decorations were exceptionally fine; and too much credit cannot be given the decorating committee, who did such excellent work both on Decoration day and children's day. It would be hard to find a better lot of decorators for such occasions than Footville has. May we have many returns of the day. Mrs. H. Nott of Janesville, spent Sunday with her daughter, Mrs. R. W. Strang. W. M. Ross and wife were the guests of Mr. and Mrs. C. W. Judkins and W. H. Cory during Sunday. Mr. Ross says there is no such place to spend children's day, as Footville. Miss Florence Owen, daughter of Mr. and Mrs. W. J. Owen, is sick with the measles in Janesville. Rev. F. W. Mutchler made a flying trip to his home in Michigan, last week. Quite a delegation of Footville base ball lovers are planning to attend the celebrated game at Evansville, Saturday.

The Milton base ball team will play the Stoughton club here tomorrow (Wednesday) afternoon at 2 o'clock sharp. It costs the boys quite a sum to bring Stoughton here, and contributions should be liberal from patrons.

President Whitford occupied the pulpit at the Seventh-day Baptist church Saturday morning.

W. D. Pitcher, of Ripon, spent Sunday in the village.

Rev. Dr. Platts returned from his trip to Denver, Tuesday in much improved health.

Wm. Home of Milwaukee, spent Sunday with his relatives.

The Milton base ball team will play the Stoughton club here tomorrow (Wednesday) afternoon at 2 o'clock sharp. It costs the boys quite a sum to bring Stoughton here, and contributions should be liberal from patrons.

Miss Clara Rogers returned from her visit at Farina, Ill., Friday.

F. C. Dunn drove out to Green Lake Sunday, to look out a site for camping.

E. H. Burdick, of Palmyra, spent Saturday and Sunday at home.

J. H. Arthur and wife of Edgerton, were Milton visitors Sunday.

Win. Oates began setting his tobacco Monday.

W. H. Tompkins, the postal clerk, is enjoying a week's lay-off at home.

Dr. E. B. Swift has returned from his trip to the northern part of the state.

The grammar department of the Graded school enjoyed a picnic at Clear Lake, Monday.

Born, to Mr. and Mrs. James Vincent, June 12, 1899—a daughter.

Miss Grace Rogers has finished her spring term of school, and is at home again.

MR. REED'S CONGENIAL ROLE

At Myers Grand Monday Night In "The Wrong Mr. Wright."

Roland Reed, in "The Wrong Mr. Wright," who will be the potent attraction at Myers Grand Wednesday evening, has struck a most congenial role and the best play he has had in several years. The theme is one of several mistaken identities. Mr. Reed is a wealthy San Franciscan whose confidential clerk absconds with \$50,000. After offering a reward of \$6,000 for the fugitive, Seymour Sites, (Mr. R. Reed) concludes it cheaper to play detective himself and save the \$5,000. In so doing he visits Old Point Comfort, as Mr. Wright, and there finds his wealthy niece, who is also incognito, her maid masquerading as the mistress to ward off heiress hunters. It will be seen that with such a foundation a succession of laughable scenes is bound to occur. To make things even more interesting, beautiful Isadore Rush, as a brand new woman detective, on the trail of a forger, strikes Mr. Wright, and in certain "she has her man." His actions are suspicious enough, for he falls in love with the fair young detective, and under the influence of Cupid he becomes a spendthrift, whereas before he was miserly. Of course everything turns out all right, but for three acts he is topsy-turvy.

Besides Mr. Reed and Miss Rush, there is a very well balanced company, including Mary Meyers; Chas. S. Abbe, Sheridan Tupper, Julian Reed, James Douglass and others.

Now is the time to plant your flower beds. All varieties of plants and cut flowers at Rentschler Bros., 214 South Main street. Telephone 171. Both lines.

The largest stock of hammocks in the city, of every imaginable good color, from \$1.25 up. Sanborn.

Still Be Vacant Seats.

The London places of entertainment would hold all the inhabitants of Edinburgh, and then there would be several thousand vacant seats.

Reinemer the name, Doan's, and take no other.

MILTON GIRLS PLAY A GAME OF BALL

FIELD DAY EXERCISES OF PUBLIC SCHOOL.

Children's Day Appropriately Observed
At the Congregational and Methodist Churches—Annual Session of Seventh-day Baptists Begins Wednesday—Personal News.

THE GAZETTE AGENT,
W. W. CLARKE, Manager,
Milton, Wis., June 13, 1899.

The Field day exercises of the public school took place Friday. The program included bicycle races, foot races, egg race, running and broad jumping, pole vaulting, hammer throwing and lust, but not least, a ball game between two nines composed of girls, which was the most interesting event of the day. The children enjoyed the event and were pleased with the prizes won. The primary grades were served ice cream by their teachers in the afternoon.

If the Milwaukee road would make a round trip rate of \$1.50 to Milwaukee from Janesville, Milton, Lima, White-water, Palmyra and Eagle on the Sunday train leaving Janesville at 7 o'clock a.m., they could haul a hundred passengers without any additional expense, and make the road popular. Try it Mr. Headford.

Children's day was appropriately observed Sunday at the Congregational and Methodist churches, and at the latter three infants were baptized.

The new Sunday passenger train between Milwaukee and Janesville was not having success on its initial run as a carrier. When it went south from here it had two passengers and going east four.

W. B. Baker, of Troy, was in town Friday visiting his son, who is a student here. Mr. Baker was a student here forty years ago.

Miss Luella Curtis, of Milwaukee, has been the guest of her sister, Mrs. A. M. Van Horn. She left for Rolling Prairie Saturday.

Mrs. Geo. W. Steele, of Whitewater, visited Mrs. A. M. Van Horn, Friday.

B. Heimstreet, of Janesville, visited W. P. Clarke, Friday evening.

Mr. and Mrs. Hartley Thompson, of Westmoreland, N. Y., have been the guests of their brother-in-law, H. Jackson and family for several days.

Mrs. Underhill, of Whitewater, is being entertained by Miss Alice Miller.

The Northwestern Association of Seventh-day Baptists begins its annual session here tomorrow and closes the following Sunday. A large attendance is expected.

President Whitford occupied the pulpit at the Seventh-day Baptist church Saturday morning.

W. D. Pitcher, of Ripon, spent Sunday in the village.

Rev. Dr. Platts returned from his trip to Denver, Tuesday in much improved health.

Wm. Home of Milwaukee, spent Sunday with his relatives.

The Milton base ball team will play the Stoughton club here tomorrow (Wednesday) afternoon at 2 o'clock sharp. It costs the boys quite a sum to bring Stoughton here, and contributions should be liberal from patrons.

The London places of entertainment would hold all the inhabitants of Edinburgh, and then there would be several thousand vacant seats.

See our Croquet Sets before you buy.

A nice lot of Feather Dusters. Among them, a very fine one for polished furniture, all at very low prices.

Come to us for cheap Fishing Tackle,

Rubber Balls and Bait.

50 good heavy White Envelopes, 5c.

A 14-inch handy House Saw, filed, ready for use, for 15c.

Felt Window Shades, ready to hang, 10c.

See our beautiful Green Glass Sinks.

—large heavy pitcher and six heavy tumblers, for 45c.

163 W. Milwaukee Street.

We furnish estimates on work of all kinds.

AMATUERS DID VERY WELL

Trinity Church Entertainment—Mrs. Bond charms the Audience

Janesville amateurs showed that they could master a complicated entertainment, and Janesville children demonstrated the fact that they were bright and intelligent at the Myers Grand last evening, when "The Pixies" was presented under the auspices of Trinity church. Some of the participants showed marked ability, and all did well, but the piece is not one that is calculated to afford opportunities. The musical score was excellent, but the less said about the lines, the better.

The most enjoyable features of the performance were the numbers given by Mrs. Carrie Jacobs Bond—ore instrumental and three vocal compositions of her own. Mrs. Bond certainly has exceptional ability both in creation and rendition and that her talents were appreciated by Janesville people was clearly shown by the enthusiastic applause and the flowers that were showered upon her.

The cast of "The Pixies" was as follows:

SALE OPENS WITH A RUSH

Roland Reed Will be Greeted with Packed House.

The indications are that Myers Grand will be packed to overflowing Wednesday evening to greet Roland Reed, who appears in our city after an absence of seven years.

The advance sale of seats opened yesterday morning with a rush and judging from the early demand for seats, one is led to believe that the "standing room only" sign will be displayed.

Mr. Reed has won the admiration of all local theatre-goers and in his line is their favorite.

It would be advisable for those intending to witness this performance to secure their seats without delay.

This is the closing attraction of the season and one more worthy of a crowded house could not have been chosen by Manager Myers.

GOLF CLUB HOUSE IMPROVED

Interest in the Game is Growing—Membership Increasing.

Golfers have added a new Vose piano to the equipment of their club house, and have closed a contract for putting in water closet and wash rooms.

Interest in the royal game is growing steadily. The membership is increasing, and there never have been as many matches as this year.

The match between east side and west side went to the west siders by a margin of seven holes, but the east siders are putting forth deep-chested defiance, and another match is scheduled.

THEY WILL WED WEDNESDAY

Notable Nuptial Event Scheduled At Orfordville Tomorrow At Noon.

At Orfordville tomorrow at noon will be performed the ceremony that will unite as husband and wife Miss Flora E. Helmholz, of Orfordville, and Burton W. Norton, a Rockford justice of the peace.

For the past six years Miss Helmholz has been teaching school at Orfordville and is a young lady esteemed by all.

The prospective groom is a well known lawyer and justice of the peace at Rockford.

If strong the frame of the mother, the son will give laws to the land. All mothers should take Rocky Mountain Tea. Gives life and strength. Smith's Pharmacy, Kodak Agents.

MAY LOSE THE CONVENTION.

Indianapolis in Trouble Concerning the Epworth League Meeting.

Indianapolis, Ind., June 13.—The local general committee in charge of the International Epworth league convention that is to meet in this city in a few weeks, went before the last legislature and secured permission to pitch a tent in the capitol grounds large enough to accommodate 7,000 or \$8,000 people, in which to hold daily meetings. Custodian Vest of the capitol announces that he has not taken measurements of the grounds, and will not permit the tent to be pitched there, as it would ruin the grounds and shade trees.

Chairman Lasby said that unless the committee was guaranteed a desirable site for the tent the Epworth league convention would be called off and sent to some other city.

Kaiser Opposed to Arbitration.

The Hague, June 13.—Despite all efforts to maintain secrecy and the endless denials that Germany is absolutely unwilling to agree in the arbitration scheme before the peace conference, the fact is beyond question. At the time of the opening of the conference the kaiser was reported as saying that he could not consider the adoption of a general arbitration plan as anything short of an impeachment of his divinely bestowed prerogatives. The attitude of the German delegates in the conference, known through unimpeachable channels, entirely confirms the reliability of that report.

Four of Malloy Family Dead.

Sioux City, Iowa, June 13.—The fourth member of the Malloy family died Monday as a result of injuries received Sunday in the Satix cyclone. This was Bessie Malloy, aged 19. Her skull was fractured. The others injured are recovering.

The loss to property by the cyclone is estimated at \$55,000. The houses and barns of six farmers were demolished.

Domestic Exports Decrease.

Washington, June 13.—The value of the principal articles of domestic export during the month of May was \$50,345,679, a loss of \$22,776,892 compared with the same month last year. For the eleven months ending May 31 the total was \$67,869,281, showing a decrease of \$79,565,807 compared with a similar period of the previous fiscal year.

Pursuing the Highwaymen.

Butte, Mont., June 13.—Three of the six robbers who held up a Union Pacific train near Casper, Wyo., are headed through Montana. At the request of the railroad the sheriff here has organized a posse. A reward of \$3,000 per head, dead or alive, is offered.

McClaughey Has Resigned.

Springfield, Ill., June 13.—Major R. W. McClaughey has resigned the wardenship of the Northern Illinois penitentiary at Joliet. Gov. Tanner appointed ex-Congressman E. J. Murphy of East St. Louis to succeed him.

Socialists Win in Italy.

Rome, June 13.—In all the municipal elections throughout upper Italy the monarchists have suffered a crushing defeat at the hands of the socialists and clericals.

"You see, madam, Ivory Soap is really the most economical. The cake is so large that it easily divides into two cakes of the ordinary size. There is twice as much soap as you get in the usual cake of toilet soap. Then it is very economical in use, for although it lathers quickly, it is always firm and hard, even in hot water. As it floats, you can not lose it or leave it to waste in the bowl. We sell it to all of our best trade for general use."

COPYRIGHT 1898 BY THE PROCTER & GAMBLE CO. CINCINNATI

SOCIETY OF GAME THIEVES.

Friedland boasts the most singular mutual protective society in the civilized world. In Assen recently a union was organized by seventeen game poachers, a comprehensive set of rules being adopted. None but a recognized game thief is eligible to membership. The convention decided that in the future the members of the union shall sell only to regular game dealers, and then only at current market prices. The dealers will be required to contribute a certain amount of money each year to the union's treasury. The principal object of the union is to support the families of such poachers as may be arrested and sent to prison. A cast-iron resolution forbids all members from killing game in the closed seasons, the argument being that the game laws must be enforced. The Netherlands code provides a fine of 100 florins and a term of imprisonment for killing game out of season.

Buffalo's New Station.

Buffalo's new union railroad station, to cost \$6,000,000, is to have a waiting-room 80x225 feet, said to be the largest in the world. The other accessories and the train-shed arrangement are on the same liberal scale.

Jones May Enter the Loco.

Toledo, Ohio, June 13.—Mayor Jones has given out a general letter to the public in which he states that he may or may not become an independent candidate for governor of Ohio. He will become a candidate if he finds the reform movement sufficiently strong.

National Educational Association at Los Angeles, Cal.—Excursion Rates.

For the above meeting the Chicago, Milwaukee & St. Paul railway will sell round trip excursion tickets at half-rate plus \$2, from June 25 to July 8. Final return limit will be September 4, 1899. Stop-over privileges within transit limit will be granted. We ticket over all routes and make desirable reservations in sleeping cars.

MARSH CITY Self Washing soda washes white clothes and sets fast colors.

A Card

We, the undersigned, do hereby agree to refund the money on a 50c bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25 cent bottle to prove satisfactory or money refunded. People's Drug Co. H. E. Rabous & Co.

Grain-O Brings Relief

to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost universally injurious. Have you tried Grain-O? It is almost like coffee, but the effects are just the opposite. Coffee upsets the stomach and disturbs the nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be otherwise.

15 and 25¢ per package.

LONG DISTANCE TELEPHONE NO. 77

*Business Office..... 77-2**Editorial Room..... 77-3*

THIS DAY IN HISTORY.

*1752—Francis Burney, later Mrs. D'Arblay, born; died 1840.**1780—Winfred Scott, general, born near Petersburg, Va.; died 1860.**1782—Thomas Arnold, of Rugby school, father of Marsh, born at Cowes, Isle of Wight; died 1842. Thomas Arnold began life as a private tutor, but was soon ordained as a priest and appointed head master of the famous English school. His own example and the high sense of duty inculcated among students raised the fame of the school.**1801—Rev. E. C. Robinson, professor in the University of Chicago and formerly president of Brown university, died in Boston; born 1815.**1803—Senor Lorilla, a noted Spanish republican, leader, died at Madrid; born 1804.**1808—The Fifth army corps, under General W. R. Shafter, sailed from Tampa for Santiago de Cuba.*

SENATOR WHITEHEAD.

*The Beloit Free Press pays Senator Whitehead this compliment:**Referring to the recent intimation of the Milwaukee Journal that Senator Whitehead, of Janesville, might be the "LaFollette candidate for governor next year," the senator says such a statement is mere newspaper talk. "If I become a candidate for any office next year," he says, "I shall seek a re-election, to the senate. I also share the hope of the leading men of this portion of the state that when the proper time comes a candidate for governor will be named who will be heartily endorsed by the whole party." While this portion of Rock county is not embraced in Senator Whitehead's district, yet as Rock county residents the republicans of the southern portion of the county have taken pride in his legislative career, which has been noteworthy, and which has placed him in the front rank of state legislators the past three years, and trust that he may be continued for another term in the position he has so ably filled.*

JUDGE JOHN R. BENNETT

*In the death of Judge John R. Bennett Rock county has lost one of her**sterling men. A man of splendid character, fine abilities and strong personality he has made his impress felt upon the community.**As a lawyer, Judge Bennett was in the foremost rank among the attorneys of the state, and as a judge, he was famed far and wide for his profound understanding of his profession. So exhaustive were his researches that the cases upon which he passed judgment were always thoroughly digested, and where new points of law were involved, Judge Bennett's conclusions invariably stood as a precedent for the future guidance of other courts.**Personally he was an unusually pleasant man to meet, and although of a kindly nature, he was firm in his duty. Mercy always tempered justice with Judge Bennett, but never blinded it.**Judge Bennett was a man among men, and his demise will be mourned, not only by the residents of the counties composing this judicial circuit, but by the whole of Southern Wisconsin.**Next Wednesday, June 14, is "flag day," the anniversary of the adoption of the stars and stripes as the flag of the United States. To the Sons of the American Revolution is due the credit of securing the observance of the day, and the Wisconsin society urges that the flag be displayed on that day in every appropriate place.**"Smash the trusts" is to be the democratic war cry in 1900, it is said. In view of the fact that the democratic party did no smashing when it had a chance, the shibboleth necessarily has a hollow sound.**People who no longer ride on passes may be interested in the fact that the Swedish mile is the longest mile in the world. It is exactly 11,700 yards in length.**Governor Scofield's course in declining to expend money before it is in the treasury has met with ready commendation by both the people and the press.**The monotony of the Mississippi lynchings has been broken. Another negro was hanged, but by a mob of negroes instead of white men.**The Frenchmen hissed President Loubet Saturday, cheered him Sunday, and like enough they'll stone him to death tomorrow.**How would it do to send Champion Jeffries to the Philippines?**Rare Butter Bargain.**We have 50 jars of the choicest dairy butter, which will be sold at 16¢ per pound by the jar. The quality is gilt edge, the butter coming as it does from the best butter makers in Rock county. At the 16¢ pound price, it will be cleaned up in a hurry, so if you desire any of this bargain, place your order at once. Sanborn.*BAR ASSOCIATION
SELECT DUNWIDDIE

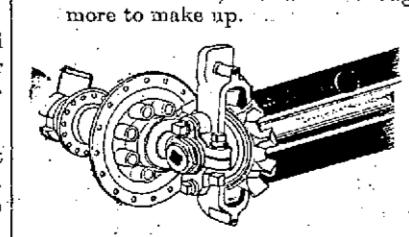

THEIR CHOICE FOR JUDGE OF CIRCUIT COURT.

*Looks Now As Though Governor Scofield Would Name The Janesville Attorney to Fill Judge Bennett's Unexpired Term—Local Attorneys Met In Session This Afternoon.**Members of the Rock County Bar association met in special session this afternoon for the purpose of indicating the choice of said association regarding a successor to the late Hon. John R. Bennett, circuit judge.**The meeting was called to order by President William Smith and was well attended, the majority of the local attorneys being present.**From the outset it was plain to be seen that the attorneys favored recommending Benjamin F. Dunwiddie for the position and on motion Mr. Dunwiddie was declared the choice of the association.**Mr. Dunwiddie is the senior member of the local law firm of Dunwiddie & Wheeler and is a man too well known to need any introduction. He is a well known attorney, thoroughly competent and no one doubts but that, if he becomes the circuit judge he will acquit himself with honor and credit.**The action taken by the Rock County Bar association will be conveyed to Governor Scofield and it is likely that he will appoint Mr. Dunwiddie judge to fill the unexpired term which is until January, 1901.**The office is of virtual life tenure with a salary of \$4,000 and in a compact and pleasant circuit. The counties covered are Rock, Jefferson and Green.**Clawson, of Monroe.**A dispatch from Monroe says:**When it becomes Gov. Scofield's duty to appoint a successor to fill the vacancy in the Twelfth Judicial district caused by the death of Judge John R. Bennett, he will have but one name to consider for Green county, the bar of the county having agreed to support P. J. Clawson. There is a feeling of much hope and even confidence here that Mr. Clawson will be the governor's choice. He has been a Scofield man through thick and thin and was a Scofield stumper in the northern part of the state in the two campaigns that resulted in the governor's election.**'NEATH THE SHADOW OF DEATH**Harry Raymond Blow.**Harry Raymond Blow, the five and a half year old son of Joseph W. and Minnie Blow, of 356 South River street, passed into the shadows this morning at 2:40 o'clock. He was taken ill a week ago last Thursday with pneumonia and typhoid fever. Besides the sorrowing parents he leaves a little brother, Clarence, who has the sympathy of many.**Peter McNee.**Funeral services over the remains of the late Peter McNee will be held from the house tomorrow at 1 o'clock p. m. and from the Congregational church at Emerald Grove at 2 o'clock. Burial will take place at the Johnstown Center cemetery.**How easy it is for some people to advise others how to conduct their affairs when their own show a lamentable want of attention.*

Red, White and Blue Flower.

A novel flower has been found at the Isthmus of Tehuantepec. It has a faculty of changing its color during the day. In the morning it is white; when the sun is at its zenith it is red, and at night it is blue. The red, white and blue flower grows on a tree about the size of a guava tree, and only at noon does it give out any perfume.

Paraffin Models of Battleships.

*By the admiralty's orders perfect models are made in paraffin wax of every new English battleship before it is laid down, and these models are tested in a tank. The models are from 12 to 24 feet long and the tank is 400 feet long and 20 feet wide.*Snyder Hotel

CITY COUNCIL HAS A LIVELY SESSION

JOINT SPUR TRACK FOR NORTH RIVER STREET.

Salaries of Call Members of Fire Department and City Electrician Klein
—Perry Brown Re-Elected City Engineer—Wisconsin Telephones Ordered Out of Public Buildings.

A regular meeting of the common council was held at the council chamber last evening. Mayor Richardson presided and all members were present.

Minutes of the previous meeting were read and approved.

The treasurer's report for May was received and placed on file.

A petition was read from owners of property in the Rockwell addition, asking that a fifteen foot platted alley running through block 14, north and south, may be opened. Granted.

A petition was read from Chas. F. Goodwillie, administrator of the estate of Wm. Hemming, deceased, and others, protesting against the granting to the C. & N. W. Ry. Co. permission to occupy North River street with their tracks. Referred to the highway committee and subsequently received and placed on file.

The Janesville Cotton Mills protested against the granting to the C. & N. Ry. Co. the right to lay tracks along North River street and across and in the race for the reason that it does great injury to the company; that the laying of an other track on the street almost entirely prevents the passage of teams. Referred to highway committee and later received and placed on file.

The board of education reported that \$28,000 would be required to meet the expenses of the board for the ensuing year and pay the present debt of the school fund. Referred to finance committee and further time was given to report.

Chief of Police Hogan gave some suggestions regarding the issuance of saloon licenses. He says licenses should not be granted to any persons who are under the influence of liquor the greater part of the time; nor to any person who allows gambling, sells to minors, or who maintains stalls, wine rooms or partitions or permits women to frequent the same. He says he would be pleased to meet the license committee for the purpose of giving the names of places of this kind and to render them such assistance as is in his power. Referred.

City Attorney Burpee recommended that the ordinances of the city be revised and printed in book or pamphlet form for the convenience of the police officers, and so that the public may know what ordinances are in force. Referred to that committee, who were given further time to report.

Alderman Gilkey of the finance committee, reported favorably a batch of bills; also that the mayor borrow \$2,000 and place to the credit of the general fund. Reports adopted.

Alderman Carpenter brought up the ordinance placing the yearly license of the Myers Grand opera house at \$1 per year, which had been referred to the judiciary committee.

Alderman Rice moved that the matter be laid on the table until Mr. Myers settle with the city. Adopted.

Ald. Carpenter called for the passage of the ordinance, providing for the election of a street commissioner by the council. Adopted.

Ald. Carpenter reported in favor of paying the claims of John Soulman, of \$214.50, and H. G. Gagan, of \$60, for damages sustained by reason of surface water flowing into the cellar of buildings, 49 and 51 North Main street, and damaged tobacco.

Ald. Kothman reported favorably on the petition of the call men to increase their salary from \$75 to \$100 per year. Adopted.

The salary of City Electrician Henry Klein was raised from \$50 to \$65 a month to take effect July 1st, 1899.

Alderman Rice of the highway committee was granted further time to report on the ordinance granting the C. & N. W. Ry. Co. the right to lay tracks on North River street, also on the application of George H. Featherstone to drive piles for the foundation for platform.

A resolution was introduced by Alderman Carpenter, and adopted, providing that the Board of Public Works as provided for in section 925-23 of the statutes of 1898, and heretofore adopted as an amendment to and in addition to the special charter of the city of Janesville, be dispensed with and that the duties thereof shall be performed by a committee to be known as the Street Assessment committee, composed of the mayor, city engineer and chairman of committees on highways.

Alderman Carpenter introduced an ordinance, granting the C. M. & St. P. Ry. Co. and the C. & N. W. Ry. Co. the right to construct, maintain and operate a joint spur track on North River street. The ordinance gives the companies the right to operate a spur track on the east side of the street and near the mill race. The city reserves the right to make all reasonable rules, regulations and requirements. In case the companies fail to file their written acceptance of the ordinance on or before July 15, 1899, the marshal shall proceed to cause to be removed all the tracks, ties, switches and turnouts in and along the street. The ordinance was given its first and second reading and referred.

An order was introduced by Alderman Kothman revoking the order requesting the Water Company to lay a water main on South River street from Center to School street, and in lieu thereof request the company to lay a main on School street from South Franklin to South

MENU FOR WEDNESDAY.

Oh, I am the festive chafing dish,
I foam and froth and bubble,
Using the song of meat and fish
And save a deal of trouble.
In kitchen realm and dining hall
The housewife now is able,
When a response to the call
To cook dinner on the table.—Chafing Dish.

Pineapple and Nutturel, Coffee.

SHAD ROE.

Two tablespoonsfuls of butter, a tablespoonful of lemon juice,

Yolks of two hard boiled eggs, a cupful

of grated bread, parsley, pepper, salt.

Put the butter into the chafing dish and rice, which has been boiled and drained, add water, and break up lightly with a fork, then the eggs (mashed fine), grated bread, pepper and salt. Stir constantly till mixed. Add lemon juice just before serving.

STATE FEDERATION OF LABOR MEETING

CALLED TO ORDER THIS MORNING AT UNION LABOR HALL.

F. J. Weber, of Milwaukee, Chosen Chairman—Mayor Richardson Delivers the Address of Welcome Speaking This Evening In the Court House Park.

Thirty visiting delegates were present this morning when the annual meeting of the state federation of labor was called to order in Labor Union hall.

Martin Zesko, of Racine, as secretary and treasurer of the state board, called the meeting to order at 10:15 o'clock and immediately the assembled delegates settled down to business.

F. J. Weber, of Milwaukee, as United States organizer of American Federation of Labor and general organizer of the Wisconsin State Federation of Labor, was chosen chairman.

William P. Mason, president of the Janesville Labor council then introduced Mayor Victor P. Richardson, who spoke as follows:

"Mr. Chairman, Ladies, and Gentlemen—When I first heard that your State Labor Organization was to meet here in Janesville, it at once occurred to me, that there was probably not in the state of Wisconsin, a city where you would be more welcome, a people more in sympathy with the best elements in your organization, and more willing to help you along proper lines."

Ald. McLean moved as an amendment that it lay over until the next meeting. The amendment was lost.

The original motion as amended was then adopted.

Perry Brown was re-elected city engineer, being the unanimous choice of the council.

Ald. Carpenter called the attention of the highway committee to the need of planking between the trucks at the Jackson street crossing.

An order for a new sidewalk on Holmes street was adopted.

An order was adopted for a plank crosswalk on Prospect avenue between Fourth avenue and Milton avenue.

TORNADO VICTIMS

APPEAL FOR HELP

GOVERNOR SCOFIELD NOTIFIES MAYOR RICHARDSON.

Money and Supplies of All Kinds Are Needed For the People Who Have Lost Everything They Had—Reports Are As Bad As Reported.

Mayor Victor P. Richardson received the following message this afternoon from Governor Scofield:

Madison, Wis., June 13.—The city of New Richmond has been practically wiped out by a cyclone. Reportedly one hundred dead, as many more seriously injured. Money, food and shelter is needed at once. Whatever your city can raise please forward at once. Major M. R. Devon at New Richmond, whom I have appointed to take charge of relief.

EDWARD SCOFIELD, Governor of Wisconsin.

Mayor Richardson took immediate action and appointed Cashier Rexford of the First National bank, to receive all money donations.

At the local drug store of Palmer & Son may be left any kind of supplies or a telephone message will be the means of having the patrol wagon call for the same.

Janesville citizens should respond and will no doubt do their share.

By supplies is meant clothing and at this time of the year plenty of families about here are able to respond.

Let us submit an estimate.

CAUGHT BY CUPID.

Stevens—Weeden

Last evening at 9:30 o'clock at the home of Mrs. G. A. Seller, No. 61 Terrace street, Thomas E. Stevens and Mrs. Julia Weeden, both of this city, were united in the holy bonds of matrimony.

.. LATE NEWS BY TELEGRAPH..

BRITISH WAR OFFICE BUSY.

Still Fear Conflict with the Boers In South Africa.

London, June 13.—Public attention in London is monopolized by Transvaal affairs, although the bulk of information reaching this city tends in the direction of dispelling alarm. With a few exceptions, such as the Mail and Telegraph, the newspapers of all shades of opinion refuse to believe in the possibility of war, though admitting that the situation demands a high degree of patience and tact.

At the same time precautionary steps are by no means neglected. Lord Wolseley, commander-in-chief of the army, has been very busy at the war office during the last few days, remaining late every evening, dealing with the question of the transportation of the First army corps. Officers on leave have been warned to hold themselves in readiness to return to their regiments on a few hours' notice.

ARE OPPOSED TO TRUSTS.

Governors of Many States Reply to Sayers' Invitation.

Austin, Texas, June 13.—Gov. Sayers has received letters from the governors of Ohio, Illinois, Kentucky, Michigan, Colorado, Iowa and Nebraska, all endorsing the movement to hold an anti-trust conference of governors and attorney-generals in St. Louis Sept. 26. Gov. Tanner of Illinois writes: "I view with alarm the growing tendency of capital to form gigantic combinations and trusts throughout the country and earnestly hope that good may come from the St. Louis conference."

Gov. Poynter of Nebraska writes that he firmly believes that unless the gigantic trust octopus is soon crushed not only the rights and privileges of the people of this country will be sacrificed, but the very existence of the republic will be imperiled."

Cicago Board of Trade.
Chicago, June 12.—The following table shows the range of quotations on the Board of Trade today:

French Cabinet Is Out.
Paris, June 13.—France is again without a ministry, the members of the Dupuy cabinet resigning Monday after an adverse vote in the chamber of deputies. President Loubet has requested the ministers to retain their offices until a new cabinet is chosen. The present crisis is generally admitted to be an outcome of the Dreyfus affair, members of all parties uniting in opposition to the ministry. It has been felt that Premier Dupuy would not take extreme measures against some of those involved in the famous case. The deputies, therefore, seized upon the opportunity given them to rebuke the cabinet. Only 178 members of the chamber stood by Dupuy and his colleagues when the final test came.

Kansas City Express Derailed.
Genesee, Ill., June 13.—The Chicago, Rock Island and Pacific passenger train No. 11 was wrecked at 10:30 o'clock Sunday night just east of this city. Twenty-five persons were more or less seriously hurt, several of whom may not recover from their injuries.

The train, which is known as the Kansas City express, was derailed while crossing a network of switches. The locomotive, tender and first three cars passed the switch safely, but the fourth car left the track at that point and was soon followed by the fifth and sixth coaches.

President Kruger Will Yield.
London, June 13.—Joseph Chamberlain, the colonial secretary, was not present in the house of commons Monday to answer questions concerning the Transvaal. Consequently the situation is practically unchanged. The cables, however, substantiate the view that President Kruger is preparing to yield.

Bland Has a Chance of Life.
Lebanon, Mo., June 13.—Dr. James McComb, Mr. Bland's physician, reports the symptoms hitherto marking his condition on alternate or "bad" days absent. He takes nourishment at regular intervals. If he should wholly escape his sinking spell for a day, the doctor thinks there is a chance for his recovery.

City of Havana Honors Gomez.
Havana, June 13.—The municipality of Havana has presented to Gen. Maximino Gomez a certificate naming him as an adopted son of the city. The ceremony is regarded as a high honor, which has only been bestowed upon such men as Mariá, the elder Cespedes, Calixto Garcia and Antonio Maceo.

Our store is open every evening Sanborn.

MAY BE LYNCHED IN INDIANA.

Garret Man Arouses Anger of Townsmen by Assault on Girls.

Auburn, Ind., June 13.—Jacob Helms of Garret, confined in the county jail here, may be lynched. Citizens of this county are aroused, and a mob has formed at Garret, with the avowed purpose of ending Helms' career.

The prisoner is a widower with three children, and the crime of which he is accused is assault upon two daughters of James Smith, aged 9 and 11 years respectively. One of the little girls has died, and the news created a furor of excitement, knots of men gathering on street corners and finally forming a big mob, with the purpose of coming to Auburn, taking Helms from the jail and hanging him to the nearest tree. Extra precautions have been taken by the sheriff, and a big force of deputies is in the jail.

Helms is a carpenter, having been for some time employed in the Baltimore & Ohio railroad shops. He bears a bad reputation, having several times been arrested.

IRONWORKERS ASK AN INCREASE.

Pittsburg, Pa., June 13.—The conference between the committees of the Iron and Steel Manufacturers' association and the Amalgamated Association of Iron, Steel and Tin Workers, to arrange the wage scale for the ensuing year, will be held in this city on Wednesday. The workers' committee will demand the restoration of the scale which was operative in 1893, when the 10 per cent cut was made. This will mean an advance of about 11½ per cent. The shearmen ask for a large advance, as they suffered a second reduction a year or two ago. It is expected that an agreement will be reached without trouble.

Dewey Lands at Singapore.

Singapore, June 13.—Admiral Dewey, who arrived here Sunday on the cruiser Olympia, landed yesterday and was received with military honors in the presence of Gen. Vaughan, commanding the troops, the chief justice, and heads of the various departments. The admiral says he will sail for the United States direct by way of the Mediterranean. He feels sure that his health will be fully restored by the time he arrives home.

COLLIDE ON A LONG TRESTLE.

New York, June 13.—Two trains of the Long Island Railroad company collided on the long trestle over Jamaica bay from Aqueduct to Hammel's Station last night. A relief train started from Wood Haven Junction with Coroner Ruoff and several physicians. One of the trains was an excursion, containing about 500 passengers. Twenty-five persons were injured, but it is thought none will die.

ISSUE CALL TO COMMISSION.

Washington, June 13.—Admiral Walker, chairman of the new Nicaragua and Panama canal commission, has called a meeting of the commission for next Thursday, June 15, when, it is expected, the question of whether the commissioners shall proceed at once to Central America and begin the work in hand or delay until the yellow fever season has passed, will be decided.

Dewey May Not Accept.

Washington, June 13.—It is reported here that in an unofficial cablegram to friend in this city, Admiral Dewey has expressed his determination to decline the gift of a home from the American people. A fund, if raised for that purpose, the admiral will take and invest in a home for sick and disabled sailors.

GOV. PINGREE DENIES IT.

Detroit, June 13.—The story printed here about Gov. Pingree's retirement from politics came from a close friend of his excellency. The governor himself emphatically denies the truth of the statement.

WANT THEIR WAGES INCREASED.

Anderson, Ind., June 13.—Window glass workers and flint lamp chimney blowers have decided upon their wage demands for this year. They will meet the manufacturers about the first of the month.

If you want your clothes clean and bleached white, use Maple City Self Washing Soap.

ANNUAL CONVENTION UNITED SOCIETY OF CHRISTIAN ENDEAVOR.

To be held at Detroit, Michigan, the Chicago, Milwaukee & St. Paul Ry will sell round trip excursion tickets July 3, 4 and 5, via any route, at very low rates. An extension of return limit to August 15 may be obtained by depositing ticket with joint agent at Detroit and paying 50 cents. The Janesville Christian Endeavor societies will leave Janesville over the Chicago, Milwaukee & St. Paul Ry, at 4:35 p. m., July 4, going via Milwaukee thence via the F. & P. M. steamers across the lake to Ludington.

THE GREAT MILWAUKEE CARNIVAL—LOW EXCURSION RATES.

For the grand carnival at Milwaukee the Chicago, Milwaukee & St. Paul Ry will sell half fare excursion tickets June 27th and 28th, and on June 29th and 30th at one and one-third fare for the round trip. Agents in Wisconsin will sell tickets on June 27th at one cent per mile in each direction. All tickets will be good for return until and including July 1st.

Maple City Self-Washing Soap works perfectly in hard water. It bleaches white clothes and sets fast colors.

THE BASEBALL REPORT.

GAMES PLAYED YESTERDAY IN THE THREE LEADING LEAGUES.

Only two contests occurred yesterday in the National league. Boston had an easy session with New York, and Pittsburgh gave Cleveland its regular drubbing. Wet grounds interfered at Baltimore and at Washington. The scores:

At New York—
Boston ... 3 0 8 0 0 0 0 0 0 11
New York ... 0 0 0 0 0 0 2 0 0 2

At Cleveland—
Pittsburg ... 2 0 1 0 0 2 0 0 5
Cleveland ... 0 0 2 0 1 0 0 0 0 3

Games today: Boston at New York, Brooklyn at Baltimore, Pittsburgh at Cleveland. Louisville at Cincinnati (two games), Philadelphia at Washington.

WESTERN LEAGUE.

At Indianapolis—Indianapolis, 5; St. Paul, 3.

At Detroit—Minneapolis, 7; Detroit, 6.

At Columbus—Columbus, 4; Milwaukee, 1.

At Buffalo—Kansas City, 6; Buffalo, 4.

WESTERN ASSOCIATION.

At Bloomington, Ill.—Bloomington, 14; Ottumwa, 3.

MOBS AND POLICE BATTLE.

TEN STREET CARS DEMOLISHED BY CLEVELAND, OHIO, RIOTERS.

Cleveland, Ohio, June 13.—A pitched battle in which ten cars were demolished and scores of persons, including many policemen, were injured, ended a day of rioting Monday. The street railway strike is assuming a more serious aspect every hour and serious loss of life may be expected at any time.

Officers of the company openly declare their intention of resuming operations without regard to the former employes, and the strikers are as determined to win the day.

Mayor Farley has issued orders to the police to prevent mob violence at all hazards and as large numbers of extra policemen have been sworn into service, there will probably be serious bloodshed before the strike is ended.

Secretary Joseph Bishop and Gen. John Little of the state board of arbitration, who have been trying to get a settlement of the strike, have met with little encouragement, the company absolutely refusing to arbitrate their differences with the strikers.

UNITED WORKMEN IN SESSION.

Indianapolis, June 13.—The first session of the convention of the Supreme Lodge, Ancient Order of United Workmen, was called to order in the capitol this morning at 10 o'clock. Two hundred of the supreme representatives are here and the others are expected. The first session of the Supreme Lodge, Degree of Honor, the women's branch of the order, was held Monday. This organization has a membership of about 20,000. The report of the supreme recorder shows the order to be in good condition financially.

INCENDIARIES ARE SUSPECTED.

Columbus, Ind., June 13.—At 3 o'clock Monday morning a fire broke out in Elizabethtown, Bartholomew county, and for a time it was thought that the entire city would be consumed.

The flames were not extinguished until seven hours after the fire started.

The entire loss is hard to estimate, but an aggregate of it all is between \$20,000 and \$50,000. The loss is heavily insured. Incendiaries are suspected to have started the fire.

FOUR COAL MINERS WILL STRIKE.

Carlinville, Ill., June 13.—The operators of the Chicago and Alton districts, including mines at Chatham, Auburn, Virden, Girard, Green Ridge, Nilwood and Carlinville, have posted notices that they will not pay the scale price of 40 cents a ton, but instead will pay 35½ cents, as recently recommended by the state board of arbitration. It is feared that the men will not accept the reduction and that the mines will be shut down.

ALLEGED FORGER GETS AWAY.

Hartford City, Ind., June 13.—M. Redkey, cashier of the Leesburg (Ohio) bank, on Monday captured G. W. Delph, whom he claimed had imposed a forged note on him. Unfortunately the cashier came without papers necessary to hold Delph and he made his escape by dodging down an alley. It is claimed Delph has many victims and has killed three men.

QUIET AT MIDDLESBORO, KY.

Middleboro, Ky., June 13.—The state guards arrived safe at Barbourville from Clay county, with Wiley and "Jim" Baker, where they will be tried for the murder of the Howards.

Judge Cook impaneled a special jury to investigate the killing of "Tom" Baker.

Quiet is again restored.

PROHIBITION FOR MANITOBA.

Winnipeg, Man., June 13.—Premier Greenway, replying to a large temperance delegation, promised to give Manitoba as much prohibition legislation as Canadian law allows a province.

Eminent jurists say this is prohibition of sale, but not of importation or manufacture.

TRUE BEAUTY COMES FROM WITHIN, INSTEAD OF FROM WITHOUT. A BEAUTIFUL FACE IS THE OUTWARD SIGN. THAT'S WHY ROCKY MOUNTAIN MAKE WOMEN BEAUTIFUL.

SMITH'S PHARMACY, KODAK AGENTS.

PILLS OF PARFUME.

Discriminating London femininity has sealed the doom of sachet powder so far as its application to personal attire is concerned. Most of the apothecaries in the fashionable west end sell perfume pills now instead of the powders, in consequence of the new demand. The pills are fragrant, scented with violet, heliotrope, lilac and rose, and they are sold in little round boxes like a tiny bonbonniere. As to the method of using them, they certainly are not swallowed. The woman of fashion slips one into her pocket, another in her glove, and a third is tucked away in her corsage. The uninitiated might take her for a walking homeopathic medicine chest, but the up-to-date girl knows better. She understands that the pills are not sugar coated, but sweet scented, and that they are the proper substitute for the sachet bag. They give just that faint, delicate suggestion of fragrance desired by the woman of refinement.

NOT WORTH IT.

"Tommy," said his mother, "if I get you a new suit of clothes you must promise not to climb trees or play marbles until they are worn out."

"Then," answered Tommy, after a moment or two of reflection, "I don't want them."

PRESIDENT McKinLEY TO VISIT CHICAGO.

Washington, June 13.—President and Mrs. McKinley will be in Chicago Oct. 9 and take part in the festivities attending the laying of the corner stone of the new federal building. The president formally accepted Chicago's invitation Monday afternoon.

TORPEDO FACTORY BLOWN UP.

Marietta, Ohio, June 13.—The factory of the Marietta Torpedo company blew up Monday afternoon at 3

BOYS AT THE HELM.

Kansas Town Which Is Governed by Beardless Youths.
In Kansas, where the unconventional is to be expected, a boomer town has elected a most youthful set of local officers. Hays City, with a population of 2,000, is now under boy government. Beardless youths, most of them young men who have barely passed their majority, are in charge of town affairs. The voters had tired of the "graybeards," as they were called, and the boys' ticket went through with a whoop.

Mayor Fred Hoffmier is only 22 years old, and he is probably the youngest mayor in the United States. His father is a blacksmith, and young Hoffmier has a partnership in the business. He is a graduate of the local high schools.

"Fred," says the editor of the Hays City Republican, "has proved himself a man of business and is one of the best we have." Fred carries his honors

MAYOR FRED HOFFMIER.

with modesty and presides over Hays City's affairs with a dignity in keeping with his position.

Frank Havenburg, president of the new city council, was born in Hays City in 1877.

Fred Schwaller, councilman, moved to Hays City in 1878, coming with his parents from Glenhaven, Wis., where he was born in 1877. His father was the "graybeard" candidate for re-election as mayor.

John Busgall, councilman, will be 22 years old next month. Alexander Bissing is the oldest member of the council and the only one married. He is of Russian birth and is 29 years old.

The new regime is conducting the city's affairs with the enterprise and enthusiasm of youth, and the Kansas community is congratulating itself on finding what it wanted.

ELF TREES OF JAPAN.

New Yorkers have recently taken a lesson in what may be called the refinement of dilettantism. The lesson was in the art of gardening in miniature. The lesson was in the auction sale. And what do you imagine was put up before the bidders? Dwarf trees in pots. Nothing more. Yet for one of these little trees \$1,200 was paid.

The dwarf trees came from Japan, where the art of gardening in miniature is almost as old as the race, and the race is very, very old. The trees are old too. The Chabo Hiba, a species of dwarfed cedar, which sold for the highest price, is 850 years old. Connected with it is a beautiful legend. It was trained with infinite patience by many succeeding generations of gardeners. Its growth was stunted by the subtle

JAPANESE ELF TREE.
(The Chabo Hiba, 850 years old, that brought \$1,200.)
arts, known only to the little brown folks whose artists spend a lifetime in polishing a single crystal ball.

When these elf trees were first taken to New York, not one in a thousand American art connoisseurs had ever heard of them. But the patient Japanese in charge of the enterprise set to work to educate the Gothamites up to the proper pitch of enthusiasm. He pointed out to them the beauty of these miniature trees, how this one had been trained for a hundred years, so that its branches took the shape of Japan's dominant mountain, Fuji Hama; how that one had been trained to imitate such a tree in such a painting by such a celebrated Japanese artist. He dwelt on the perfection of the leaves, on the associations. Here was a tree which had been put into the pot while such a mikado was on the throne, years before Columbus sailed. And, now it was but 28 inches high!

In all 301 elf trees were disposed of at auction. The total amount realized was \$7,820. New York has paid well for its first lesson in dilettantism.

YALE'S NEW PRESIDENT.

Popular as an Educator and an Authority on Political Economy.
Yale's new president, Arthur Twining Hadley, is distinctly a product of Old Eli. His father was a Yale professor, and he has been himself a student and instructor there. He has been reared in the very atmosphere of the university. Its traditions are a part of his own existence. He is close to the students, sharing their ambitions and sympathizing with every phase of their life.

Professor Hadley represents the younger element of the university. He is 48 years old and was graduated from Yale in 1876. Besides being a brilliant educator, he is noted both as a political economist and as an author.

For some years the president elect has occupied the chair of political economy at Yale, and his writings on this subject have made for him a national reputation. He came early to

YALE'S NEW PRESIDENT.

Popular as an Educator and an Authority on Political Economy.
Yale's new president, Arthur Twining Hadley, is distinctly a product of Old Eli. His father was a Yale professor, and he has been himself a student and instructor there. He has been reared in the very atmosphere of the university. Its traditions are a part of his own existence. He is close to the students, sharing their ambitions and sympathizing with every phase of their life.

Professor Hadley represents the younger element of the university. He is 48 years old and was graduated from Yale in 1876. Besides being a brilliant educator, he is noted both as a political economist and as an author.

For some years the president elect has occupied the chair of political economy at Yale, and his writings on this subject have made for him a national reputation. He came early to

**APPOINTMENTS BY
GOVERNOR SCOFIELD**

H. C. ADAMS WILL RETAIN HIS OLD POSITION.

H. C. Owens, Station Agent of Milwaukee Road Arrested At Menasha On Charge of Embezzlement—Unknown Man Found On Railroad Track Near Waunakee.

Madison, Wis., June 13—State Dairy and Food Commissioner H. C. Adams will be re-appointed some day this week. The appointment would have been made last week, but Gov. Scofield decided to delay to allow time to look into the claims of one of the other candidates. Commissioner Adams is receiving the congratulations of his friends though he says he does not know whether he will be appointed or not.

It is reported on good authority that former Assemblyman George Taylor, of Marinette, will be appointed secretary of the State Board of Immigration. Mr. Taylor was in the assembly in 1897, and has been the governor's agent for the inspection of the state institutions a part of the time since.

The announcement of Gilbert E. Vandercock's appointment as timber inspector is expected in a few days. This place is now held by E. G. Mullen, who will take charge of the state's swamp land claims against the federal government under the provisions of an act passed by the late legislature.

Charge of Embezzlement.

Menasha, Wis., June 13—Herbert C. Owens, cashier at the Milwaukee Railway station, has been arrested on the charge of embezzlement. James W. Quinn, an accountant of the company, checked up Mr. Owens' accounts and found a shortage of \$832 and swore out a warrant. The hearing was set for June 20. Mr. Owens has always been prompt and reliable and his friends have explicit confidence of his being able to prove his innocence.

Died After Terrible Injury.

Madison, Wis., June 13—The body of an unconscious man, at first believed to be Edward J. Dwyer of 178 West Taylor street, Chicago, was found alongside the Northwestern tracks a few miles from here, Sunday. He died without recovering consciousness. It was, however, learned later that Mr. Dwyer is alive and well in Chicago. The skull was crushed and there were several other wounds. It is supposed the man jumped from a moving train or was struck by one. The body was well dressed, but there was nothing of value in his clothes.

Charged With Forging a Check.

Chippewa Falls, Wis., June 13—The police today arrested W. L. White, of Chicago, who registered by that name at the Stanley house, charged with forging a check.

The 'Perfect' Heating Furnace

For Coal and
Wood Fuel...

WITH POWERFUL HEATING
REVERTIBLE FLUE RADIATOR.

This Heating Furnace has been especially made to fill a demand where either coal or cut wood can be used as desired. Heretofore Furnaces were only made for one kind of fuel and especially made for that single purpose.

Features are combined in this 'Perfect' Furnace that make it an exceedingly powerful, economical heating apparatus suitable for either fuel as is most convenient for the consumer. It is built low, suitable for any cellar. It will pay you to investigate the merits of this Furnace if you expect to put in a new heating plant.

Have the heater cleaned out and repaired at once. We have experts who can care for the work right away and in a proper manner.

Tin Roofs We Make a Specialty Of!

EITHER PUTTING NEW ROOFS IN PLACE OR REPAIRING THE OLD ONES.

We Repair Gasoline Stoves.

Talk to Lowell about Refrigerators, Lawn Mowers, Ice Cream Freezers, Screen Doors and Windows.

LOWELL HARDWARE CO.

NEW YORK CLOTHING STORE.

A Thirty Days'

Clearance Sale.

During the month of June we will sacrifice our large stock of Men's, Boys' and Children's Clothing, consisting of one thousand Men's Suits, and five hundred Boys' and Children's Suits.

This stock must be sold in order to make room for our Fall and Winter Suits and Overcoats which are now in process of manufacture and will arrive in July.

Boys' and Children's Knee Pant Suits, from 3 years to 15 years, \$1, \$1.25, \$1.50, \$2, \$2.50, \$3, \$3.50, \$4, \$4.50 and \$5. Boys' Long Pant Suits, 15 to 20 years, \$2.50, \$3, \$3.50, \$4, \$5, \$6, \$7, \$8, \$9 and \$10. Men's Suits, \$4, \$5, \$6, \$7, \$8, \$9, \$10, \$11, \$12, \$13, \$14 and \$15.

Some of these Suits are worth twice the amount we ask for them. We cut the price as they must be sold during this thirty days' clearance sale. The largest line of Hats, Caps, Shirts, Underwear, Neckwear, Mackintoshes, &c., in the city.

Little Wonder Camera and complete photographic outfit with everything necessary to make photographs, will be given away with Boys' Suits.

JNO. WE SEND.

For Milwaukee and Jackson.

"I can't explode,
it won't go
wrong."

"Now can you wonder
at my song?"

"For years we've waited
for this day,"

"When this stove's sold,
it's sold to stay."

Insurance Gasoline Stoves

are becoming a household necessity in Janesville. They don't come back to the hardware store for an annual cleaning once a year; they don't require it.

Novelty Blue Flame Oil Stoves

Are the best Oil Stoves made today. See them.

McNAMARA, ARMORY BLOCK.

We're not resting on the laurels already gained by our bread--our methods, etc. We're after new laurels; we're winning them too, with

Bread Laurels.

Good as experience, the most approved methods, and good material can make it, and far better than what is called "home made" bread in many cases. Ask your grocer or stop the wagon.

A Family Carriage

That combines beauty and comfort with convenience, is one of our well made and high grade

Canopy Top Surreys...

It is unexcelled for workmanship, durability and comfort, and will give more satisfaction than any other carriage made. We have just a few left and are closing them out at nearly cost—a price in which there is very little for us, but a whole lot for you.

This is an opportunity to buy a strictly high grade Surrey at the same price that others are asking you for cheaper work. YOU KNOW OUR GOODS.

Janesville Carriage Works.

PUTNAM'S Wedding Gifts.

Why select gifts without usefulness? Instead of knick-knacks and trinkets that give no real service, let your selection combine beauty and worth.

How perfectly GOOD furniture answers this description!

A range of choice that is particularly satisfactory to those of taste and individuality is given by our stock. Our three floors are crowded with suggestions for home-beginners.

Prices are very low.

C. S. & E. W. PUTNAM.

EUREKA BAKERY,

Geo. Hockett & Son.

Rear of postoffice.
